Objectives

The project

Based on the agreed standards the project objectives are related with:

Transitional Tent?

Evolution

- **Develop procurement specifications**

Specifications
development

- Performance calculations regarding specific hazards

Q & A

- Study possible upgrading scenarios
- Study how different upgrading scenarios may influence its performance regarding hazards

development

Q & A

What is a transitional tent?

The project

- Deployable solution

Transitional Tent?

- Less than 100 kgs

Evolution

Specifications
development

- Portable - enabling its transport and possible relocation by a family

Q & A

- Durable constructive solution
- Upgradable
- Relocatable

What is a transitional tent?

Main characteristics.

The project

Transitional Tent?

Evolution

Specifications
development

Q & A

Not a permanent solution.

Money saving over a long response.

More durable than a tent due to its upgradability.

Expandability.

Upgradability.
