## Education Cluster Coordination, Advocacy and Funding Status

### Global Education Cluster Meeting

Pakistan Education Cluster participated in Global Education Cluster Meeting from 23rd to 25th Oct 2012 in Istanbul. The Chair of Sindh Education Cluster, Mr. Ghulam Nabi, from Reform Support Unit, Education and Literacy Department, Government of Sindh attended the meeting together with national Cluster Coordinators from UNICEF and Save the Children. Mr Ghulam Nabi presented and shared good practices of managing coordination responding to multi floods between 2010 and 2012.

The meeting was also a forum to share and to exchange good practices from country level, so as to enable Global Cluster to identify key priorities in supporting Cluster in country level.

### Education Cluster Coordination in Pakistan

In Pakistan Cluster has been activated since Earthquake 2005 co-led by Save the Children and UNICEF. The co-leadership is guided by an MoU. These are some highlights of coordination:

- In federal level, National Disaster Management Authority (NDMA) assigns an official to chair national coordination meeting due to devolvement of Ministry of Education. Meanwhile, Education Department chairs Education Cluster meeting in provincial and district level.
- Currently, Pakistan Education Cluster is active to coordinate responses for flood 2012 in Sindh, Balochistan and Punjab under the framework of 2012 MHOP and in KP/FATA for on-going displacement due to civilian strife under 2012 HOP.
- For flood 2012, at the district level, coordination of education response is taking place with support of cluster members/focal points present in affected districts. Coordination meeting is chaired by Education Department and co-chaired by Cluster Focal Point such as Save the Children for Jacobabad in Sindh and, RajanPur in Punjab, ITA for Shikarpur, PFF for Kashmore of Sindh.

### Operational Guideline and Proposed Solutions for IDPs Living in Schools

Public buildings including schools have been always used as shelter during multi floods that hit Pakistan between 2010 and 2012 with absence of framework/guideline. As a result, teaching learning was disrupted due to lengthy use of schools or IDPs were evicted from schools without alternative solution.

Hence a guideline is critical to ensure rights of IDPs during their displacement and children and adolescents to education will be respected when disaster occurs any time.

Currently an Operational Guideline on Using School as Shelter is being drafted by Shelter, Education and Protection Clusters to assist Government to provide alternative solutions for IDPs and resumption of learning activities of affected population.

### Funding Update

- **Monsoon HOP 2012:** Out of \$ 7.1 million proposed, \$ 500,000 was received from CERF (\$400,000) and bilateral donor to respond to floods in Sindh, Balochistan and Punjab.
- **HOP KP/FATA 2012 :** Unmet funding of \$3.2 million from \$ 5.5 million proposed has been identified as of October 2012 to address immediate needs of camp and off camp schooling.
- **ERF Funding:** Education Cluster Review Committee has recommended 7 projects amounting \$828,000 for ERF funding for floods 2012 and for KP/FATA.

## Education Cluster Response for Displacement in KP & FATA

The table below shows that 13,968 children comprising 7,650 boys and 6,318 girls are benefitting from the education response both in and off camps in KP and FATA and 350 teachers (male: 175, female: 175) have been deployed and trained by cluster partners.

With the support of cluster members working in Jalozai (IRC, Muslim aid, PDMA), education cluster have started tent to tent assessment to identify exact number of children living in Jalozai camp. Final assessment report will be shared to cluster members and other stakeholders.

### Education Response for IDPs in Camps

- Additional 4 schools are provided during reporting period. Currently 44 camp schools/non-formal education centers are functional in **Jalozai** (UNICEF: 26, IRC: 7, Muslim Aid: 6 & FATA Edu. Dept.: 5), in **Togh Sarai** (UNICEF: 2) and New **Durrani** (UNICEF: 1) IDP camps.
- Total enrolled children in these camp schools is 10,779 including 4,817 girls with increase of 644 children consisting of 63 boys and 581 girls from previous reporting period.

### Education Response for IDPs in Off Camps

- Save the Children has set up 22 new TLCs in Peshawar valley for IDP children. Meanwhile from 16 existing TLCs, eight will be closed due to project closure.
- As of reporting period, 30 TLCs of Save the Children are functional in Peshawar with enrolment of 3,189 (boy: 1,688, girls: 1,501) and 61 teachers including 31 females.

### Education Response in Return Areas
